**SCHLETTER**  
*The Solar Mounting Group*

Special training guarantees correct handling of the Schletter products. The companies benefit from our experience and are informed and trained on an ongoing basis in regards to our new products in our portfolio.

The listed companies have been our partner for mounting for several years now.

We could fully rely on the competence and reliability of those companies at any point of our long and successful relationship.

We can recommend the above-mentioned companies in all aspects.
